EXPIRY DATE/SHELF LIFE

Although handmade soaps usually get better with age, we recommend using our soaps within 12 months of purchase. Our scented soaps should be used within 3 months after removing them from the clear packaging. Although the soaps will not be "spoiled" after that time, you may notice some changes as natural soap ages

BENEFITS

- Activated charcoal effectively cleanses the skin, unclogs pores, removes deeper impurities, and dead skin cells. The result is smooth, supple, and even-toned skin.
- Sulfate FREE (SLS, SLES & ALS)
- 100% Natural
- Made in Australia
- Vegan
- Not tested on Animals
- Nourishing
- Moisturizing
- Cleansing (non stripping of natural oils)

FREE FROM

- Parabens
- Sulfates (SLS, SLES & ALS)
- Animal Testing

FAQS

HOW MANY SILK ARGAN SOAP BARS DO YOU HAVE IN THE RANGE? Check out our website as we are consistently adding more variations..

WHAT IS THE SIZE OF THE SILK ARGAN SOAP BAR? 100 grams - 80mm(Width) x 58mm(Height) x 22mm(Depth)

MOST SOAPS CONTAIN SULFATES THAT STRIP THE OILS FROM MY SKIN... DO THE SILK ARGAN SOAP BARS HAVE SULFATES IN? Absolutely NOT we have NO Sulfates in any of the Silk Products including this Argan Soap Bar

I WANT TO ONLY PURCHASE AUSTRALIAN MADE PRODUCTS ARE THESE MADE HERE IN AUSTRALIA? They sure are.. we are Proud that these Argan Hand made Soaps are made here in QLD.

CAN I USE THE ARGAN SOAPS DAILY? Yes you can

I NOTICED THAT THE ARGAN SOAPS HAVE PALM OIL.. IS THIS CERTIFIED SUSTAINABLE PALM OIL? YES it sure is. Palm Oil is one of the best stabilisers in Natural Soaps to make them firm and long lasting, however Silk only uses Certified Sustainable Palm Oil. Environmentalists agree that boycotting palm oil is not the answer..The manufacturing sector employs about 6 million people worldwide, about 2.2 million of whom are smallholder farmers, who often live at the edge of poverty and rely on palm oil to feed, shelter, and educate their families. Certified palm oil manufacturers have in the past few years adopted policies that promise no deforestation, no peat development, and no exploitation.

I DON'T WANT TO BUY ANY PRODUCTS THAT ARE TESTED ON ANIMALS ARE THE ARGAN SOAP BARS TESTED ON ANIMALS? No we LOVE our Animals, we do not test on them. These Argan Soap bars are also Vegan

KEY INGREDIENTS

Activated charcoal – effectively cleanses the skin, unclogs pores, removes deeper impurities, and dead skin cells. The result is smooth, supple, and even-toned skin

Argan Oil – (Argania Spinosa Kernel Oil) is obtained from the fruit kernel of the Argan Tree. Rich in Vitamin E, antioxidants, omega-6 and omega-9 essential fatty acids all of which assist in keeping skin nourished and hydrated

Coconut oil – is linked to some potential benefits for skin, including reducing inflammation, keeping skin moisturized and helping heal wounds. The medium-chain fatty acids found in coconut oil also possess antimicrobial properties that can help treat acne and protect the skin from harmful bacteria

Lavender essential oil – Lavender essential oil for skin to help reduce redness, blotchy patches, and acne scarring. Lavender oil's anti-inflammatory properties make it great for soothing and healing skin that's irritated or reddened from the sun, insect bites, or bacteria

Patchouli Essential Oil – Patchouli oil contains a variety of skin benefits and can help reduce the appearance of wrinkles, blemishes, and skin imperfections. Patchouli essential oil can also promote a smooth and glowing complexion

Lime Essential Oil – The clean fresh scent of Lime essential oil is uplifting and energising. The cleansing properties of Lime essential oil can help to purify the skin and hair

Dried Peppermint - Peppermint is known to balance the pH levels of the skin. This helps balance the production of excessive oils in the skin, thereby reducing overall acne and breakouts. The astringent, antiseptic and anti inflammatory properties of peppermint help diminish the appearance of acne, blackheads, rashes and redness of the skin

Irish Moss - Often used as an emulsifier in skincare products, the carrageenan in Irish Moss can help soften skin, strengthen hair, and soften the scalp. And, in addition to its benefits as an external skincare product, Irish Moss also contains 15 of the 18 elements which make up the human body, which means it is highly useful in rebuilding damaged, undernourished skin from a cellular level. Irish moss has been known to be used for use against eczema, some rashes, psoriasis and minor burns.

Seaweed Powder - Seaweed acts not only as a barrier to protect the skin but also sinks deep down into the epidermis to hydrate and nourish cells, giving you an enviably healthy glow. The benefits of seaweed for skin are so numerous that it makes an incredible addition to any skin care routine

WARNING: Avoid getting into the eyes. If product gets into eyes wash out thoroughly with water.

CAUTION: Contains Nut Oils. It is recommended to always review the full ingredients lists and conduct a patch test prior to using the product for the first time- apply a small amount to a discreet patch of skin, like the inside of your arm. If any signs of redness or skin irritation occurs, do not use.

Vegan and cruelty-free products are made without any animal or animal-derived ingredients, and, they are not tested on animals at any point in the production process.
